

BANG!

SEE WHAT ALL THE NOISE IS ABOUT!

Performing on any stage, anytime, in any country seems to be what these guys and girls were born to do! Using the blistering talents of four percussionists, Bang! fuses together an action packed show that has been seen on Australian television and international stages.

Energising grooves, over 40 stick tricks and an uncanny range of drums and garbage bins, create an intoxicating and interactive show that's energising audiences around the globe.

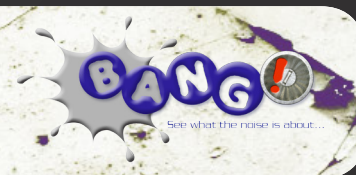

AN INTERACTIVE SHOW PERFORMING ON THE INTERNATIONAL STAGE

Bang! delivers a powerhouse performance. Hands are a blur as they play over 14,000 notes per show, beating out wild rhythms of organised chaos with specially designed glow sticks. Be amazed as they flip and twirl their sticks with precision while dodging the occasional flying bin! Watch and listen as this group explode into your night and go out with a Bang!

Bang! have wowed corporate audiences across Australia and from Shanghai to Mumbai with appearances on Australian television in between. Bang! love to think outside the square to create custom designed shows, adding dancers and other talented performers to suit your brief. Just ask!

WHAT DO CLIENTS SAY?

BANG!'s performance was great, they were the perfect group for the launch of a steel manufacturing plant, and their vibrant personalities really shone through.

AUGMENT COMMUNICATIONS

Great visual, very professional, unique, very interesting/fun, flexible in any situation (main concert, small group performance).

THE ULTIMATE DRUMMERS WEEKEND, MELBOURNE

The performances from BANG! kept the crowd energised, and created a brilliant 'journey' from our low-key opening reception through to a huge performance at dinner the following night. Bang! was able to tie in closely to our theme and the messages we wanted to get across to our attendees, and became

an important central element to what is our most important event all year. I have heard nothing but praise for the performance .. and I would have no hesitation in recommending BANG! to anyone looking to energise their event with an amazing performance.

MERCURY

The unsuspecting audience seemed utterly impressed by your exceptional talent and your fresh, vibrant form of entertainment. Feedback from both customers and retailers was extremely positive. The show is a real crowd pleaser with something for all ages. Thank you also for being so accommodating and helpful.

SUNNYBANK PLAZA

They communicated well with the crowd, which gathered quickly each time they performed and everyone was smiling, clapping along, taking photos and tapping their feet to the beat of the bins!

FM MIX 106.3, TOWNSVILLE

BANG! was the perfect start to the night, revving everyone up and getting the party underway.
